

ESET® NOD32® Antivirus version 3.0 - Business Edition

ESET NOD32 Antivirus Version 3.0 Business Edition is a highly effective security solution designed to protect business computers from a wide range of malware and other threats. Using advanced ThreatSense® technology, ESET NOD32 Antivirus detects future threats proactively, minimising the window of vulnerability left open by traditional signature-based detection. Its low resource utilisation and small footprint make it very efficient, even on older hardware, yet it supports the latest operating systems and 64-bit processors. ESET NOD32 Antivirus detects and disables viruses, trojans, worms, spyware, adware, phishing attacks, rootkits and other Internet threats that may pose a security or financial threat to businesses. Its comprehensive and proactive protection is unrivalled, yet it also has a very small system footprint — improving performance and conserving bandwidth.

The included ESET Remote Administrator provides centralised deployment and management, and scales easily from small offices to enterprise-sized networks.

Key Benefits

Proactive Protection	Award winning ThreatSense technology combines advanced heuristics and malware signatures to deliver the best Zero-Day protection.
Precise Detection	Accurately identifies known and unknown threats. Consistently wins top awards from testing labs and recognized for having zero false positives.* Businesses will bypass false alarms that cause confusion, loss of time and resources.
Lightweight	Built to ensure fast system startup, utilising less system resources than competitors. More room for other business applications to run, increasing employee productivity.
Fast	Highly optimised code ensures file scanning and updates are quick and efficient, maximizing work performance.
Remote Administration	Ensures hassle-free installation, centralized administration and seamless updating within a network environment. Five users to the hundreds of thousands can be managed through Remote Administrator saving resources, time and money.

Best Detection

- ESET is the leader in proactive threat protection, with more Advanced+ awards for superior threat detection than any other vendor since May, 2005 *
- ThreatSense® technology detects around 70% of new, unknown, threats heuristically – before a signature update is available. ESET finished in first place, detecting almost 30% more than the runner-up **
- ESET ThreatSense is the only antivirus technology that has not missed a single In-the-Wild virus in rigorous Virus Bulletin VB100 testing since May, 1998 ***
- ESET has the only product with zero false positives in retrospective tests conducted by AV-Comparatives ****

Fastest Performance

- 75% lower impact on file access time than the industry average ***
- 30% faster than the industry average *

Minimal Resource Utilization

- Optimized engine uses approximately 38 MB memory on average
- Uses less than 80 MB (100 MB if mirror feature is enabled)

Documentation

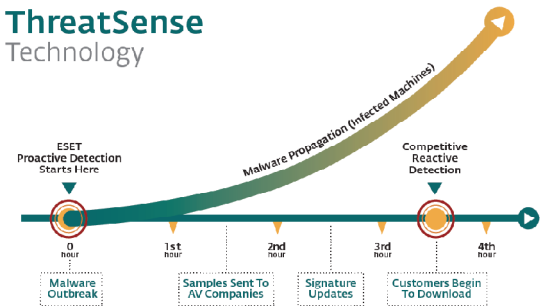

The product comes with the following documentation:

- Product Quick-Start Guide (PDF for download)
- Operating System Integrated Help (F1-key)

System Requirements

Processors supported:	Intel® or AMD® x86 & x64
Operating Systems:	Microsoft® Windows® 2000 Microsoft® Windows® XP (32 & 64-bit editions) Microsoft® Windows® Server 2003 (32 & 64-bit editions) Microsoft® Windows® Server 2008 Microsoft® Windows Vista® (32 & 64-bit editions)
Memory:	33 - 38 MB, on average
Disk Space (download):	16 MB
Disk Space (installation):	80 MB (100 MB if mirror feature is enabled)
